### ► Singapore Arts Street 2009

Bringing art appreciation up a notch as you meet the artists behind the works at the Singapore Arts Street!

This refreshing outdoor event will have you discover just how casually art can be shared and enjoyed by all.

The must-see for 2009 is one of the country's largest printing plates. Carefully mounted with random materials, everyone can create their very own unique pieces as the ultimate memorabilia. For the 'art academics,' there is also the ever-growing Art Wall that has since doubled in length and reached 60m. For the 'art punks,' there are the 'Singapore-style' Italian street painting and contemporary Graffiti art. For 'mummy's little artists,' there are Hands-on art and Stick-an-art workshops to keep them busy as a bee. Then, for the 'art urbanites,' there is the eclectic art market and numerous live performances that give the Singapore Arts Street its unmistakable beat. There is truly something for everyone!
