

CENTRALPITCHPERFORMANCE

Vocalists

Kae & Ayu

Kae and Ayu are two friends who usually went to local hiphop gigs. Ayu is an experienced performer in singing and has performed in quite a few local hiphop gigs. She is in a successful local hiphop crew called Da Fam who usually performs in the local hiphop gigs too. Kae is also an experienced performer who have been performing dance items since secondary school. Since she has only sung in public only a couple of times, she believes that an opportunity like this should not be missed. Both girls have a passion for singing and performing and believes that singing in public is a way of expressing themselves through the songs they sing. Bringing entertainment to people all around is a joy and passion for both of them and they thank the Singapore Street Arts Festival by giving them this opportunity to shine.
